Definitions

Child Care Association: the agency with which CBC of Brevard is contracted for the provision of subsidized child care services.

General Information

- a. Section 39.202(2)(a), F.S., provides access to reports of abuse and neglect to, "Employees, authorized agents, or contract providers of the department...responsible for... licensure or approval of...family day care homes or informal child care providers who receive subsidized child care funding...."
- b. CBC of Brevard will not designate or approve any informal child care provider, nor determine whether an informal child care provider may care for a neighbor's, friend's or relative's child. The parent has the sole right to choose an informal child care provider. CBC of Brevard's sole responsibility is to determine whether such child care may legally be paid for through the subsidized child care program.

Process

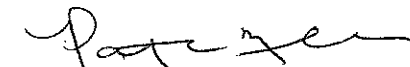

- a. The parent will go to the Child Care Association and receive the informal child care provider package. Included in the package will be a clearance form and agreement notice. A signature is required on each form. This process will be completed for any new informal provider applicant.
- b. All forms must be properly completed and given to the Child Care Association. The clearance form must contain the names, dates of birth and social security numbers, if they exist, for all

persons over the age of 12 years in the household of the informal child care provider chosen by the parent.

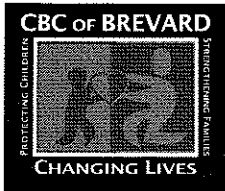

- c. The Child Care Association has the responsibility to ensure that all information required by the forms is complete, which includes a clearance form and a signed agreement form. Child care may begin at any time, but retroactive child care payments, if subsequently made, will only go back to the date when all properly completed required forms have been submitted to the Child Care Association.
- d. The Child Care Association shall forward the screening form to the screening coordinator at CBC of Brevard.
- e. The CBC of Brevard screening coordinator shall check the Florida Safe Families Network (FSFN) to determine if there are reports or investigations involving any of the household members.
 1. If there are no reports, the coordinator shall return the screening form to the Child Care Association advising them there are no reports.
 2. If any individual in the household has one or more reports, the coordinator shall forward the clearance form and copies of the investigative summaries to the CBC of Brevard person designated to review the information, referred to hereafter as the "reviewer".
- f. The reviewer shall:
 1. Analyze the reports, focusing on the provider's ability to offer a safe environment for children.
 2. Forward to the Child Care Association the screening form and a form advising (yes or no) on whether or not the provider may legally be paid to serve as an informal provider.
- g. The Child Care Association shall notify the parent and provider of the outcome of the abuse clearance.
 1. If the outcome is denial of payment, a letter of denial of payment for service provision shall be forwarded to the parent and provider by the Child Care Association. Payment may be authorized for an additional 10 days from the date of the denial of payment letter to allow the parent to select an alternate care provider.
 2. If the outcome is approval, CBC of Brevard shall reimburse, through the Child Care Association, for child care services rendered during the interim of completion of paperwork and the clearance process, as well as, future payments.
- h. Time Limit. The abuse clearance process shall be completed in no more than 30 days, once the screening coordinator is in receipt of the clearance form.
